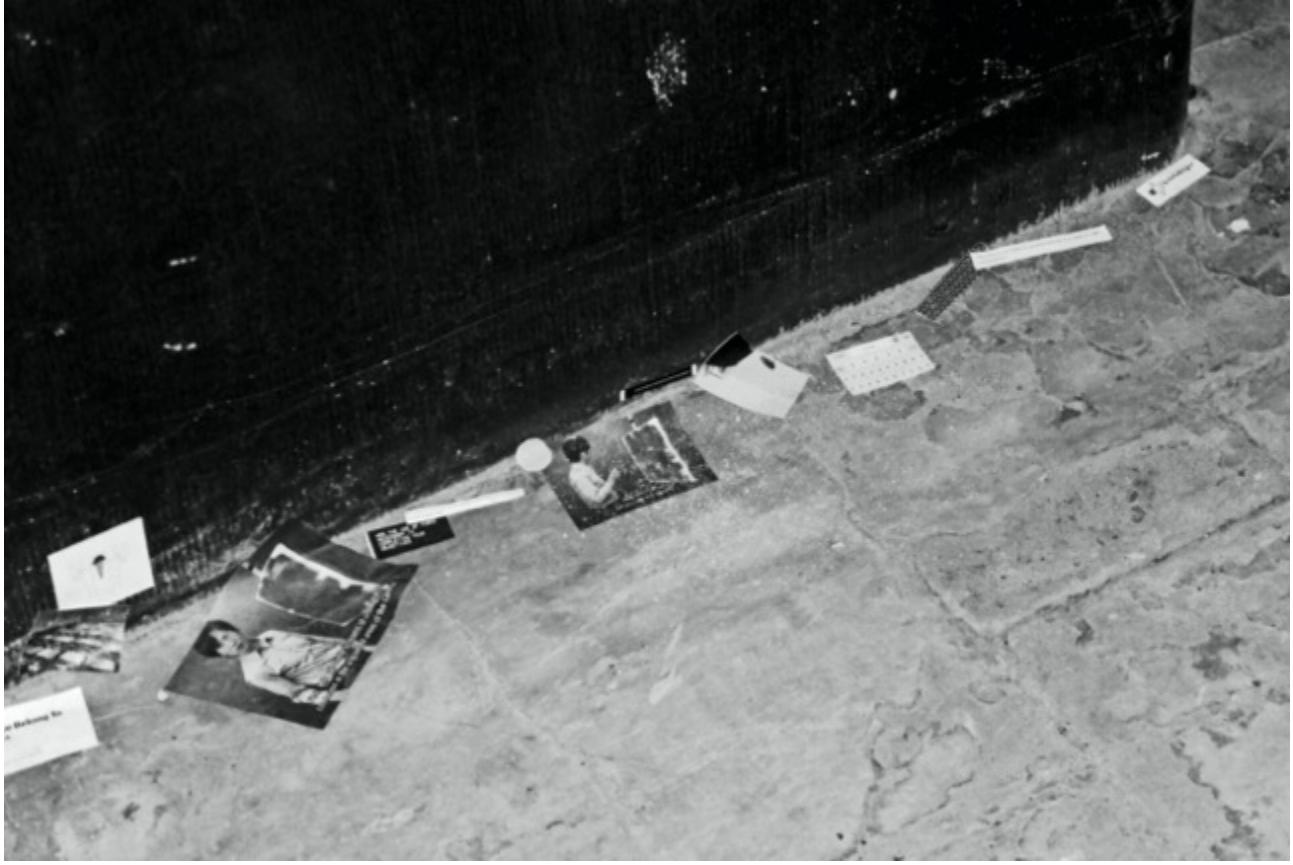
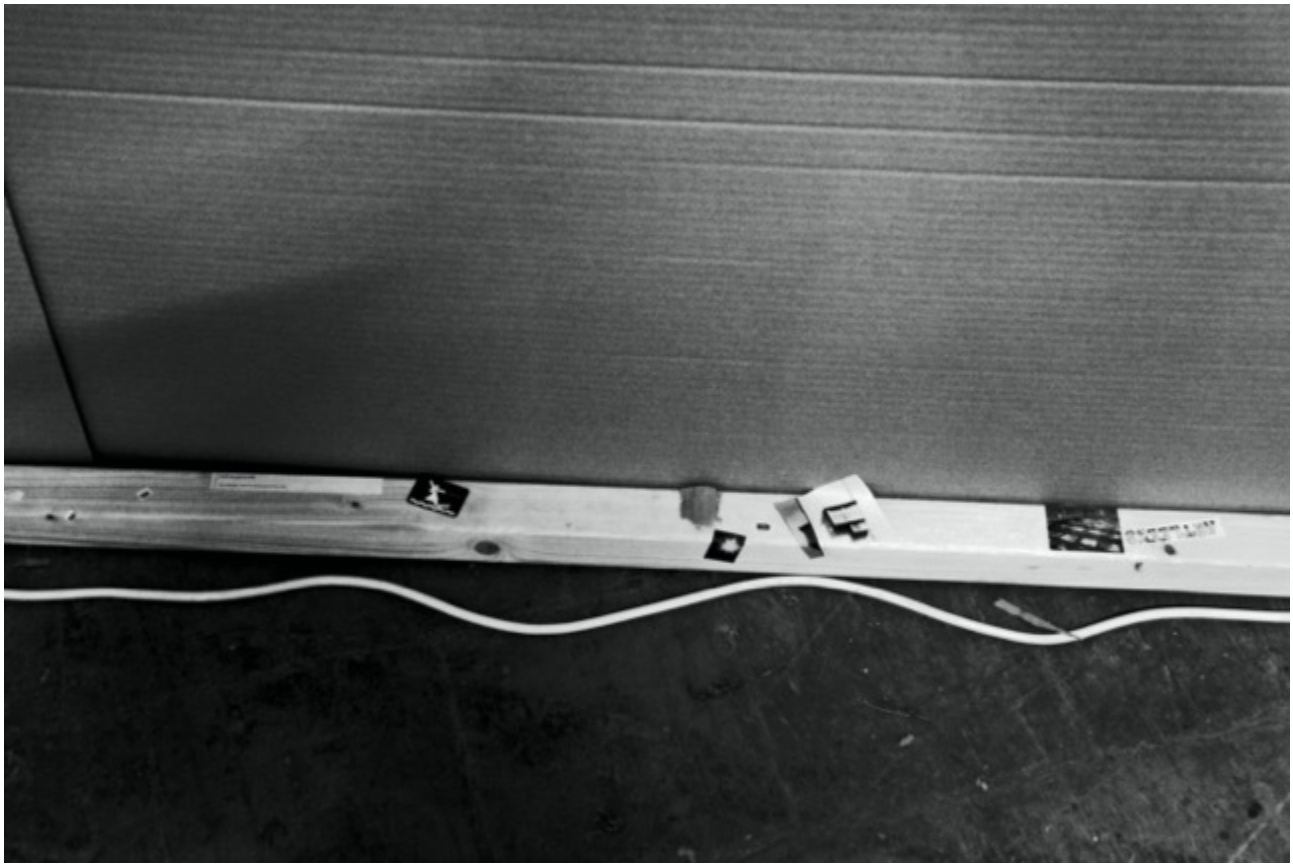
4 projects by browserbased.org

With great many thanks to the crew of Paleis van Mieris for keeping on going for vivacious if varied project spaces for 5 years! Here below are selections of four projects by browserbased.org that were made possible by their generosity at providing an exhibition space.

Supreme

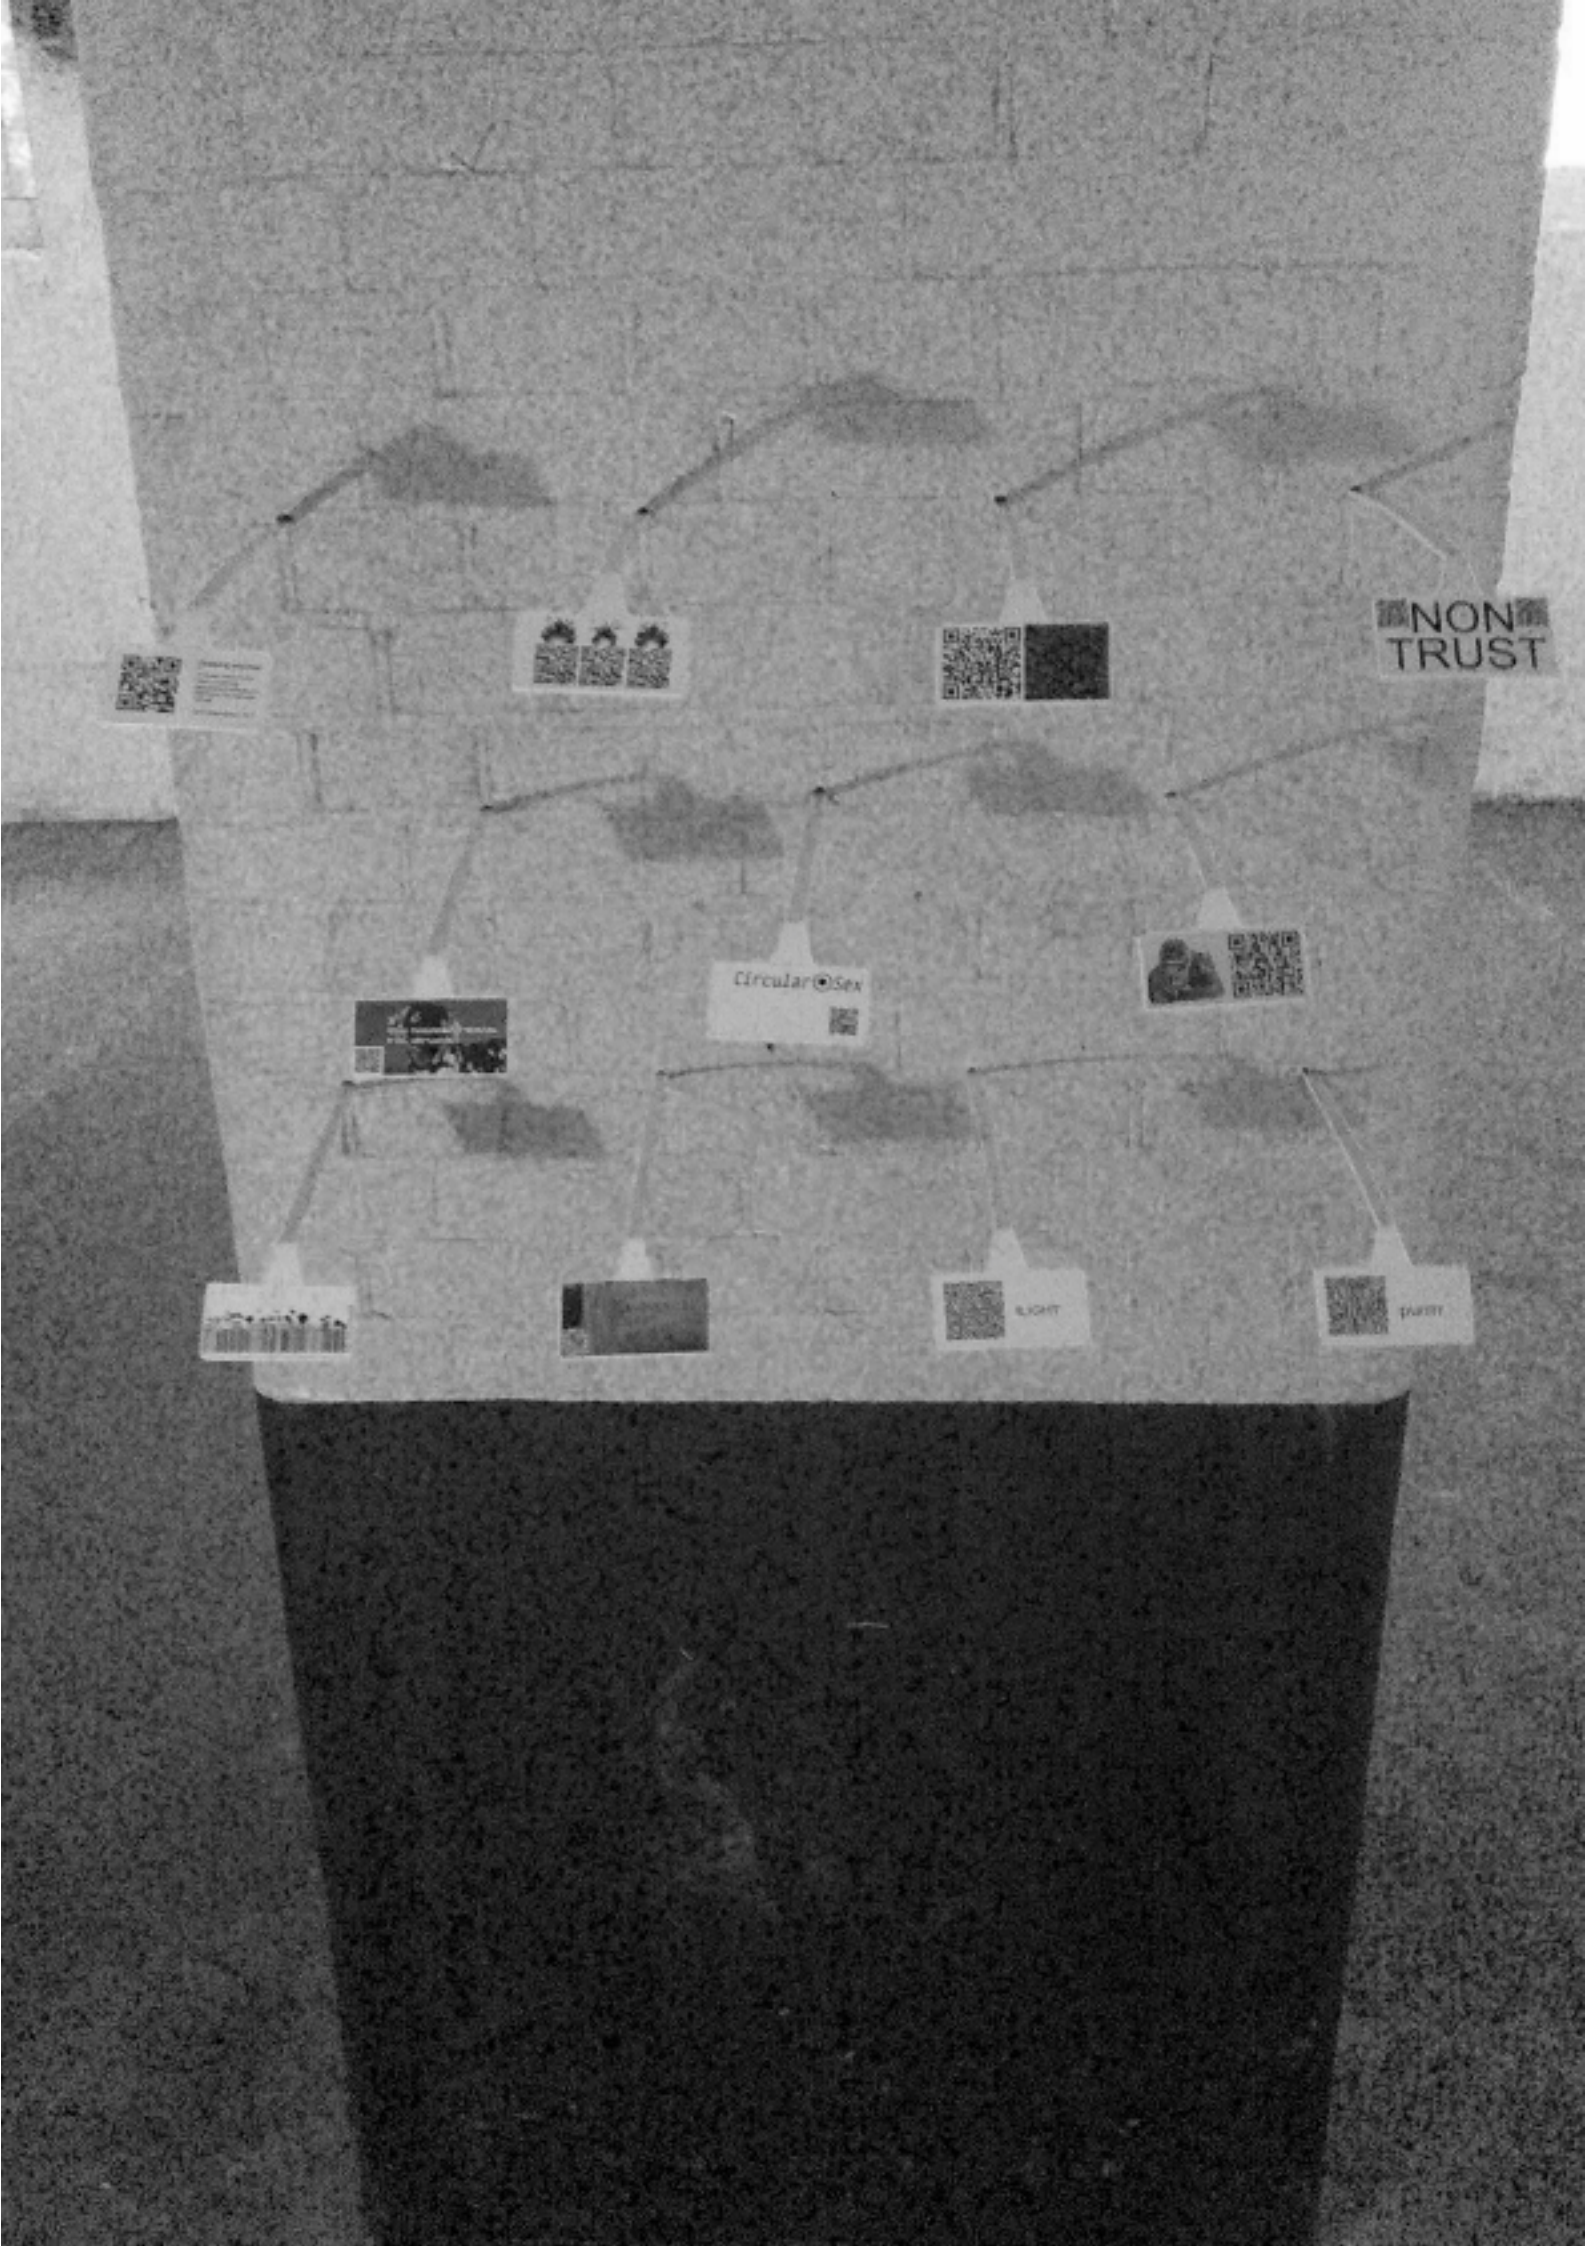


#1: ***click_assisT*** was an installation by Rad0van Misovic and Zsolt Mesterhazy based on memes, stickers for droppings and …



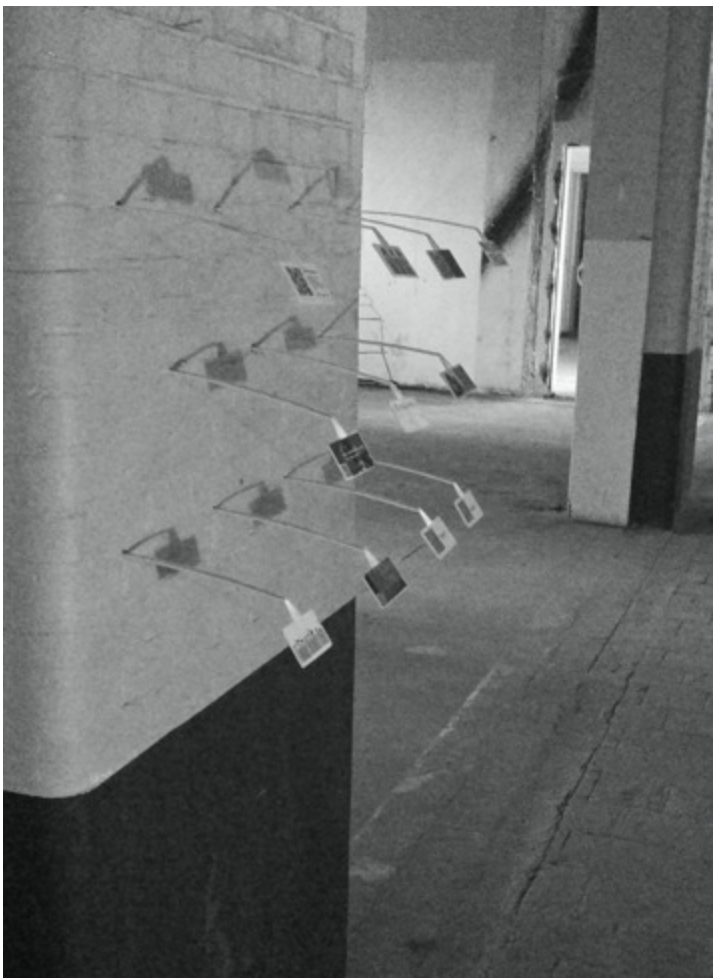
BrowserBased

the erratic behaviour of Chinese made cheap remote controlled rodents that would time and again pick up random radio signals from the air to act upon them. 2016.



NON
TRUST
Circular Sex

#2: ***A Selection*** presented works by Tibor Horvath, Florian Kuhlmann Bjørn Magnhildøen, Zsolt Mesterhazy, Rad0van Misovic, Karina Palosi, Dominik Podsiadly, Maarten Schuurman, Guido Segni and Philipp Teister as qr codes on planter signs. 2017.

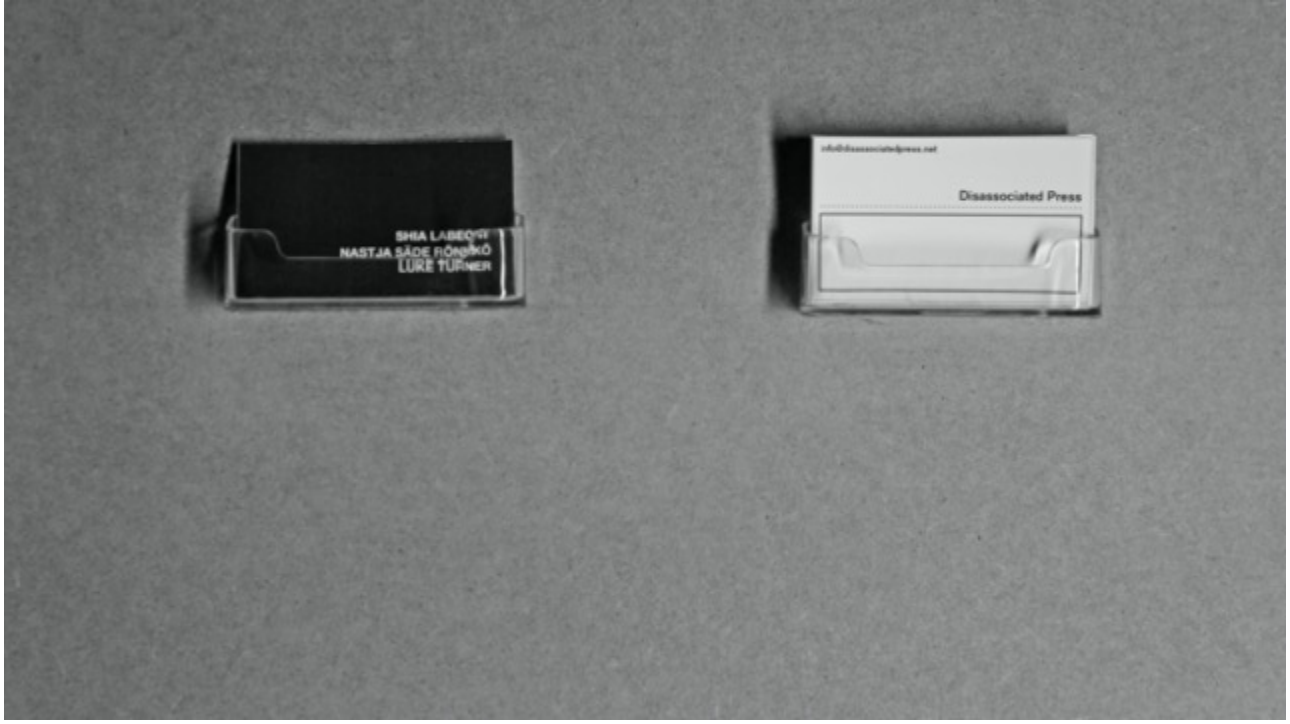


#3

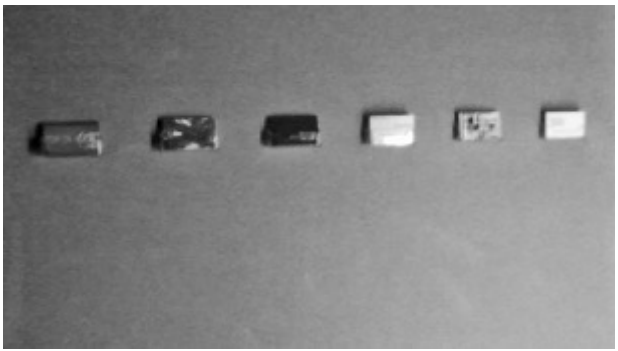
#3: ***60-60 networks*** - a co-operation between 60 seconds org, noemata net and browserbased org - presented 10x 1 min and 75x 1 second long videos by different artists from the 60 Seconds Festival and :60 Leap Second Festival served from a modified local router…

as part of an installation that clearly marked the wifi reach, inside and outside the building. 2017.

#4.



#4 **Out of Office** is a micro curatorial platform that utilizes the auto reply feature of email addresses in order to distribute art. Simply email the address on the business card and receive the art in the comfort of your own mail box.

Business cards by Constant Dullart, Danny Brian Gonzales, Shia LeBeuf - Nadja Säde Rönkkö – Luke Turner, Jonas Lund, Karina Palosi, Nick Zhu.


The edition was curated by Matthew Britton and put on show for Shift Operations by browserbased.org.
